PROFESSIONAL JUDGMENT

Section 47A of the Higher Education Amendments of 1992 authorized the financial aid administrator to exercise Professional Judgment (PJ) on a case-by-case basis. Professional judgment is a discretionary action on the part of the financial aid office to address unusual circumstances that affect a student's/parent's ability to pay for educational expenses. Using professional judgment, the aid administrator may adjust the expected family contribution (EFC) and thereby make education more affordable. The following are examples of conditions/reasons for which a student may request an adjustment to their EFC.

1. Death of a parent or the independent student's spouse.
2. Loss of employment by student/spouse/parent (for at least 3 months).
3. Loss of earnings due to disability.
4. Loss of untaxed income and benefits.
5. One time income (ex. back year social security payments).

Other extenuating circumstances will be considered on a case-by-case basis. If a student/parent would like to apply for professional judgment consideration, it is necessary to write a letter requesting a review of the current financial situation. This letter should explain in detail the current financial situation and why an adjustment to the EFC is warranted. The financial aid administrator will review all letters of request on a case-by-case basis. If the financial aid administrator decides that changes to any data elements on the FAFSA are warranted, the financial aid administrator will make changes to the FAFSA electronically and send it to the Federal Processor. Once the correction is made by the U. S. Department of Education, the Division of Student Financial Assistance will notify you by mail of the change in your expected family contribution and new award amount(s). You will also be notified if there is no change to your EFC or financial aid awards.

Any future professional or governmental official who has a complaint concerning Flair Beauty College's management of Title IV, HEA programs may seek resolution by contacting Armand Pacheco, Institute Leader. The institute leader will receive the complaint and assist the future professional in resolving the complaint.

Once the student withdraws at 60% or more of scheduled program completion, the student will be charged for entire program tuition including cumulated schedule hours exceeding required program hours/graduation date, that means the students are liable for tuition amount, if any, by which the department of education will not cover (the pro rata or documented cost) and for equipment that exceeds the refund amount, all refund calculations after withdrawal/termination are based on scheduled hours versus actual hours. See Refund Calculation. For the purpose of determining the amount you owe for the time you attended, you shall be deemed to have withdrawn from the course when any of the following occurs:

A-You notify the School of your withdrawal or the actual date of withdrawal. B-The School terminates your enrollment. C- If the student is absent 14 consecutive calendar days without communicating with the School Director/designee, he/she may be terminated on the 11th consecutive school day. The withdrawal date shall be the last date of recorded attendance, the date of the determination of withdrawal will be the scheduled date of return from LOA. E-If any agency is responsible for student's tuition; All balance of tuition/over contract charges must be paid off at 75% of completed schedule program hours by student or the agency, otherwise the school will not release any proof of training or transcript to student or the State Board of Cosmetology.

IF THE AMOUNT THAT YOU HAVE PAID IS MORE THAN THE AMOUNT THAT YOU

OWE FOR THE TIME YOU ATTENDED, THEN A REFUND WILL BE MADE WITHIN 45 DAYS OF WITHDRAWAL. IF THE AMOUNT THAT YOU OWE IS MORE THAN THE AMOUNT THAT YOU HAVE ALREADY PAID, THEN YOU WILL HAVE TO MAKE ARRANGEMENTS TO PAY THE DIFFERENCE.

REFUND CALCULATION: The Student's start date through the last date of attendance will determine the percentage of program completion, and the applicable percentage will be applied to the formula used in the refund calculation as stated below. The percentage of program completion is calculated by dividing the number of weeks comprising the period of enrollment in which the Student has been charged into the number of weeks completed in that period as of the last recorded day of attendance by the Student. If the student has received federal student financial aid funds, the student is entitled to a refund of moneys not paid from federal student financial aid program funds. **All funds paid will be returned if the student is rejected for enrollment on or before starting class within 3 days after the notice of cancellation is received or 30 days after first class scheduled. Once the Student begins classes, the application fee is non-refundable, and the following refund policy applies (all students refund based on schedule hours versus to actual hours) :**

A. During the first 10% of the period of financial obligation, the School shall refund at least 90% of tuition. **B.** After 10%, but within 20%, of the period of financial obligation, the School shall refund at least 80% of tuition. **C.** After 20%, but within 30%, of the period of financial obligation, the School shall refund at least 70% of tuition. **D.** After 30%, but within 40%, of the period of financial obligation, the School shall refund at least 60% of tuition. **E.** After 40%, but within 50%, of the period of financial obligation, the School shall refund at least 50% of tuition. **F.** After 50%, but within 60%, of the period of financial obligation, the School shall refund at least 40% of tuition. **G.** After 60% of the period of financial obligation, the School shall retain 100% of tuition **(based on student schedule hours only)**. **Examples of pro-rated refunds are shown below:**

Course	TUITION	10% of course completed	25% of course completed	50% of course completed	Over 60% of course completed
Nurse Assistant	\$12,000.00	\$10,800.00	\$9,000.00	\$6,000.00	No refund

School REFUND Calculation Example: In accordance to the state pro-rata policy, assume that a Esthetician student, upon enrollment in an 600-hour course, pays \$7,500.00 for tuition, **\$75.00** for registration, **\$4.00(STRF) BPPVE; Student Tuition Recovery Fund Fee** and \$845.00 for equipment as specified in the enrollment agreement and has 80 hours but attempted scheduled hours is 200 = to 50% of student scheduled hours then at the time of withdraws after completing 0.01 to 59.99% percentage of course scheduled hours without returning the equipment (due to seal is broken, log-on occurred, or is marked or damaged) he/she obtained. The pro-rated refund to the student would be \$6,500.00. Another example would be if a student has 120 hours but attempted scheduled hours is 200 = to 60% of student scheduled hours without returning the equipment (due to seal is broken, log-on occurred, or is marked or damaged) he/she obtained. The pro-rated refund to the student would be \$5,000.00 based on the calculation stated below. If any portion of the tuition was paid from the proceeds of a loan or third party, the refund shall be sent to the lender, third party or, if appropriate, to the state or federal agency that guaranteed or reinsured the loan. Any amount of the refund **in excess of the unpaid balance of the loan shall be first used to repay any student financial aid programs from which the student received benefits**, in proportion to the amount of benefits received, and any remaining amount shall be paid to the student. Calculation Formula: **(SAMPLE)**.

Total Student Paid	\$7,500.00	Esthetician Tuition Cost:	<u>Sample One</u> \$7,500.00	<u>Sample Two</u> \$7,500.
--------------------	------------	---------------------------	---------------------------------	-------------------------------

Less BPPE (STRF)	\$00.00	Esthetician Course Hr:	600 Hours	600 Hours
Less Registration Fee	\$75.00	Esthetician Tuition Cost per Hour:	$\$7,500 = \$12.50 \text{ per hr } 600 \text{ hr}$	$\$7,500 = \$12.50 \text{ per hr } 600 \text{ hr}$
Less cost of un-Returnable Equipment	\$845.00	80 hr/120 hr but Scheduled Attempted 200Hr = Attendance Percentage Rate:	$\frac{80 \text{ Actual hr}}{200 \text{ Scheduled hr}} = 50\%$	$\frac{120 \text{ Actual hr}}{200 \text{ Scheduled hr}} = 60\%$
Equals Amount Paid for Tuition	\$8,384.00	Amount of Tuition Charge to Assessed Student:	$80\text{hr} \times \$12.50 = \$1,000$	$200\text{hr} \times \$12.50 = \$2,500$
		Total Student Refund:	$\$7,500 - \$1,000 = \$6,500$	$\$7,500 - \$2,500 = \$5,000$

Compliance Statement

The Federal Privacy Act of 1974 requires that students be notified that the disclosure of his/her social security number is mandatory. The social security number is used to verify student's identities and to process the awarding of funds, the collection of funds, and the tracing of individuals who have borrowed funds from Federal, State or private programs.

Financial Aid Mechanism

Financial Aid is a mechanism that reduces out-of-pocket costs that the student and/or parents must pay to obtain a specific postsecondary education. Presented differently, financial aid is money made available to help students meet the cost of postsecondary education attendance. Financial aid includes grants and loans. Grants do not have to be repaid. Loans usually have low interest rates and a student must repay them in accordance to the individual loan program terms. Most of the loans can be arranged to require payment upon graduation after a grace period of several months upon the student's termination from school, or if a student's attendance falls below half time. Financial aid is awarded to students who have "need". Need is the difference between the amount of money that a family is expected to contribute to meet student costs and the cost of education at the school.

Financial Aid Eligibility Requirements

Students must meet certain eligibility requirements to receive Federal Student Aid (FSA) funds*. Students must:

- ✓ Provide documentation of either a high school transcript, Certificate of Proficiency, or a General Education Development (GED) certificate. Parent(s) for the purposes of the financial aid programs “a parent” is the mother and/or father or adoptive parents, stepparent or legal guardian of the student Foster parents are not considered “parents” for the purpose of financial aid.

Award Concept, Selection of Recipients and Packaging Criteria

Flair Beauty College does not receive enough campus-based funds to satisfy all student financial needs. Therefore, the school emphasizes the Self-Help Concept of student financial assistance. The Self-Help Concept uses first-come, first-served basis when awarding financial assistance to eligible applicants. If the student does not wish to assume the combined debt of two or more loans, they may decline any loans offered by the school. All loans must be repaid.

Self-Help Concept/ Determining Eligibility:

The self-help concept priorities types of financial assistance in the following order.

- 1 Family contribution
- 2 Other resources
- 3 Federal Pell Grant
- 4 Self-Help (Stafford and/or, PLUS loans) The school awards from the supplemental educational opportunity grants in accordance with the following policy: the institutional participation in the Federal Educational Opportunity Grants limited to the amount of funds given to the institution by the U.S. DOE for an entire award year (July1 to June 30). Due to the limited amount of

funds available to the institution. It is not possible to award FSEOG to all students applying for aid. Therefore the institutional policy is to select FSEOG recipients as follows:

Flair Beauty College has a continuing enrollment process in which students may start every other Tuesday of each week, or Wednesday when Tuesday is an observed holiday. When the future student receives his/her SAR, Flair Beauty College financial aid administrator will also receive the future professional's Institutional Student Information Record (ISIR). The family's Expected Family Contribution (EFC) is found on this document. The financial aid administrator uses this document to verify that the future Student's citizenship status, social security number, and other factors that determine eligibility for Title IV funding are legitimate.

In order to ensure a fair distribution of funds throughout the entire award year, the institution will determine how to distribute FSEOG awards based on data from the year proceeding the current year, including student enrollment. EFC and Pell Grant data: as of July 1, 2006 the first selection of SEOG recipients will be made from students with "exceptional need" are defined by this institution as students that have excepted family contribution (EFC) that makes them eligible for the FPELL Grant program during the same award year. If enrollment figures change, and/or additional funds become available to the institution a second selection will be made from those students ineligible for the FPELL Grant Program and with the lowest EFC that enrolled during the last quarter of the award year (March to June).

Both selections will be made from students whose file is complete, with no issues pending regarding the students eligibility for Federal Aid. Incomplete files will not be considered in the selection process due to possible lack of documentation. Awards will be made as long as funds are available throughout the award year.

Definitions

The following definitions correspond to some common terms used within financial aid terminology:

Academic Year: Academic year is defined as a period of not less than 26 instructional weeks, in which students are required to complete a minimum of 900 clock hours. The midpoint of the academic year shall be a minimum of 13 weeks and at least 450 clock hours. In effect, all students enrolled in courses with an academic year schedule to be completed in less than 26 weeks, regardless of the number of clock hours offered, will have aid eligibility reduced in proportion to the number of weeks and hours in the course of study in relation to the academic year. However, it may vary depending on contracted weekly schedule of hours.

Clock Hour: A 50 or 60 minute period of supervised instruction

Credit Balance: A credit balance occurs when tuition payments have been received by the institution in excess of the amount of charges assessed to the student. Credit balances are paid within 14 consecutive calendar days from the day the credit balance was generated. Students must be responsible to budget their own funds and ensure that the funds are used for education related expenses.

STUDENT TUITION FOR THE AMOUNT OF TRAINING HOURS MUST BE PAID FIRST WITHIN EACH PAYMENT PERIOD.

IF ANY STUDENT DOES PAY IN CASH FOR KIT THEN THE KIT WILL BE ISSUE TO STUDENT WITH IN TWO WEEKS OF STARTING CLASS.

STUDENT ACADEMIC YEAR: For Cosmetology student First Academic Year is 0 to 900 clock Hours & Second Academic Year is 901 to 1600 clock Hours.

Students Credit Balances

IF YOU GET A STUDENT LOAN, YOU ARE RESPONSIBLE FOR REPAYING THE LOAN AMOUNT PLUS ANY INTEREST. ANY HOLDER OF THIS CONSUMER CREDIT CONTRACT IS SUBJECT TO ALL CLAIMS AND DEFENSES THAT DEBTOR (STUDENT) COULD ASSERT AGAINST SELLER (SCHOOL) SERVICES OBTAINED HEREUNDER. RECOVERY HEREUNDER BY THE DEBTOR (STUDENT) SHALL NOT EXCEED THE AMOUNT PAID BY THE DEBTOR (STUDENT) HEREUNDER. STUDENT TUITION FOR THE AMOUNT OF TRAINING HOURS MUST BE PAID FIRST WITHIN EACH PAYMENT PERIOD. STUDENTS CREDIT BALANCES WILL BE ISSUED TO STUDENTS IN THE SAME PAYMENT PERIOD WITH IN 14 DAY AFTER FINANCIAL AID HAS POSTED.

Student's Kit

Student will receive a loaner book and kit on start date; the students understands that the student loans are received 30 days after the first day of attendance . If student has a credit balance after financial aid has posted to the student's account then a check will be issue to student. The student has the option to use the credit balance to purchase the kit and books or use the credit balance for their cost of attendance. If the student chooses to use the credit balance to cover cost of attendance then the kit and books will be issued in the 2nd payment period by completing 450 hours (Cosmo) or 300 hours (Esthetician). Once student has reached these hours and 2nd payment of financial aid is received student will receive kit and books that financial aid has paid for. DOR students receive the kit when the school will receive the cost of kit from DOR (NO time period).

Dependent Student: An individual that does not meet the independent student criteria. This student is required to submit with his/her application, student and parent's income and asset data.

Dependent: An individual other than the spouse that has been supported and will continue to be supported (50% or more of that individual's personal expense) by the student and/or spouse. If that individual is and will continue to be supported by the student's parent(s), that individual would be a dependent of the parent(s) and NOT a dependent of the student.

Creating the Financial Aid Award

When all required documents are verified, the financial aid administrator creates a financial aid package for the future students. The Office of Financial Aid determines the future student's financial need upon review of his/her financial aid application. Financial need is determined by subtracting the EFC from Flair Beauty College cost of attendance.

*Cost of Attendance (COA) – Expected Family Contribution (EFC) = Financial Need (The calculated amount that a family is expected to contribute to offset the student cost of attendance.

Once the financial aid administrator has determined the level of financial need, the financial aid administrator creates a financial aid package. The package is created in this order:

- Pell Grant (if eligible)

- Subsidized Stafford Loan (if eligible)
- Unsubsidized Stafford Loan
- PLUS Loan

The Award Letter

Each future professional will receive a financial aid award letter prior to disbursement indicating the type and amount of Title IV funding in the award package for the award year. The award letter will contain specific information about how and when funds will be disbursed.

Upon receipt of the award letter, the future professional should:

- Read the letter using this catalog as a guide to make sure he/she understands the terms of the awards offered.
- Notify the financial aid administrator of any outside scholarships
- If the future student is satisfied with the award and would like to keep all of the funding, he/she must return a signed copy of the award letter to the financial aid administrator within 14 business days.
- If the future professional's award package contains Direct Loan Funds in the form of Stafford

Subsidized, Stafford Unsubsidized, or PLUS loans, the future student has the right to cancel all or a portion of the loans. Future professionals who wish to decline a portion of their aid should modify and initial their signed award letter before returning it to the financial aid administrator. All changed award letters must be signed and returned to the financial aid administrator within 14 business days. If the award letter is not returned within 14 business consecutive days, there may be a delay in fund disbursements and/or student's enrollment.

Change of Schedule:

Since one of the main factor for students financial aid eligibility is based on the scheduled hours that a student chooses; a change of schedule may reflect student's Financial Aid Funds. All Students must stick to their schedule hours per week; any change of schedule hour must be done in official form with Financial Aid officer/administrator permeation. Additional \$75.00 cost applies for change of schedule, some students might be advised to change their schedule; for these students the schedule changes are done on a case by case basis and outcomes can vary based on many other factors including EFC, program length, SAP, budget calculation, attendance rate and so on.

Payment Period

The payment period is at 450 hours and 13 weeks for courses of 900 hours or more (300 hours and 9 weeks for course of 600 or more). The midpoint of the program for these courses is less than 900 hours and 26 weeks. In order for student to get qualify for **full** financial aid, the student must complete at least 900 academic clock hours in one award year

The school makes first Pell Grand payments shortly after the student's enrollment. This occurs on the theory the student will satisfactorily complete specified academic requirements during the first payment period. The school makes the second payment on successful completion of academic requirements during the payment period. Disbursement of SEOG funds follows the same

procedures. Satisfactory progress is necessary in order to remain eligible for Federal Financial Assistance. The school credits the student’s tuition account and then gives any remaining funds to the student. The disbursements are made by check. If the student fail to attend their agreed upon schedule, they may lose eligibility for financial assistance. The student should carefully review the enrollment agreement. If the student does not attend school for 14 calendar days, the student will be withdrawn from the course and the Refund Policy will be applied.

Applicants must certify that the following data items are correct as listed on the original application, or if not correct, must update the data items, as of the date of verification:

- Number of family members in the household

- The future professional must keep copies of all documents and records submitted to Flair Beauty College financial aid office.

Consequences of Failure to Provide Documentation within the Specified Time Period(s)

If the student cannot provide all required documentation, the school will not be able to complete the verification process within 60 days from the date of the request. The school must then advise applicants that they are not eligible for financial aid funds. The applicant then has the following options:

- The student may continue training on a cash payment basis.

- The student may withdraw, and re-enroll at no additional charge. There will be no loss of credit earned when the student provides all proof and verification is complete
- The applicant must repay any award or over award discovered during verification for which he/she was not eligible.

Interim Disbursements: The school may not make any interim disbursements. The student must complete verification before disbursement of any Title IV funds.

Tolerances: If there are non-dollar errors in dollar items total less the \$400, there is no requirement to recalculate the students EFC.

Time period for providing documentation:

Applicants must provide the required documentation within 60 days from the last day of attendance or within 60 days of beginning of the new award year which is July 1.

FINANCIAL AID APPLICATION PROCEDURES

Step One

Call the Flair Beauty College admissions leader at 661-251-3261 Ex 3 to schedule a career planning session. During this meeting, indicate that you intend to apply for financial aid on Flair Beauty College “General Information Form.”

Step Two

Create and maintain your own personal financial aid file. In this file, store copies of all forms, information, and communication with the Flair Beauty College and other agencies. If something is lost or misplaced, you will have the information available to resubmit easily. When you fill out an application, you should have certain records on hand. Students must supply student, spouse, and/or parents (as applicable) signed income tax forms (IRS 1040, 1040A, or 1040EZ and W-2 forms). Applicants shall complete the appropriate sections of the verification worksheet. There are two different worksheets one of the dependent students and one for independent students.

Make sure you list Flair Beauty College and its Federal School Code: CODE: **(041589)**

- Your tax returns.
- Your parent’s tax return (if you applying as a dependent student) and your spouse’s tax return (if you are married and your spouse filed a separate tax return)
- W-2 forms and other records of income received.
- Records of benefits received from the Social Security Administration, Veteran’s Administration, and other agencies.
- You should save all records and all other materials use to prepare your application.
- You must return all application and other documents to the Financial Aid Office for further processing.

Step Three

Future professionals and parents should apply for an individual Personal Identification Number (PIN) (<http://www.pin.ed.gov/PINWebApp/pinindex.jsp>) before beginning the Free Application for Federal Student Aid (FAFSA) on the Web.

Step Four

Complete the FAFSA by applying online at FAFSA on the Web (<http://www.fafsa.ed.gov/>). This is the fastest and easiest way to apply. Future professionals and parents can sign the application electronically with U.S. Department of Education Personal Identification Numbers (PINs).

The FAFSA is a required document used to determine a future Student's eligibility for federal aid, such as Pell grants and Direct Stafford Subsidized, Unsubsidized, and PLUS loans. Students should complete the FAFSA carefully according to the instructions provided. Students should pay particular attention to the difference between dependent and independent students. Also, be aware of providing the income information.

Students must apply no later a later than June 30, 2017 for the 2016-2017 & 2017-18 award years. Most students will complete the FAFSA only once; however, in certain cases, you can file a correction application. Generally, if student's family financial situation has recently changed for the worse of a death, separation, or divorce, loss of nontaxable income or benefits such as Social Security, child support, Aid to Families with Dependent Children (AFC), welfare, unemployment benefits, etc., an adjustment to your FAFSA application can be progressed.

The Correction Application gives specific details about the circumstances that allow students to file this form. These circumstances differ slightly depending on whether the student is dependent or an independent. Students may obtain this form from Financial Aid Office of this school. When you fill out an application, you should have certain records on hand. All future professionals must complete the FAFSA unless the parent PLUS loan is the only aid requested. Actual federal tax return figures should be used with the FAFSA. If you must file with estimated tax figures, you are required to make changes later. Return to the FAFSA web site (<http://www.fafsa.ed.gov/>), make changes, and submit those changes. If you submit actual tax forms to Flair Beauty College financial aid administrator, he can guide you through the process of making changes on the FAFSA. Complete and file only one FAFSA, although the results may be sent to several schools. Make sure you list Flair Beauty College and its Federal School Code: CODE: **041589**

The future professional should receive an email within 1-3 weeks after submission of the FAFSA telling him/her how to go online and access the Student Aid Report (SAR). If the future students did not provide a valid email address on the FAFSA, the SAR will arrive in the mail. Check the SAR to make sure there are no errors. If you listed Flair Beauty College on the FAFSA, we will receive the results electronically. Retain the correct SAR for your records. The SAR contains all information you gave on your application and important number which shows your eligibility for a Pell Grant. You must sign and date the SAR immediately. Without your signature on the SAR the school cannot disburse funds. Should we need a copy, we will request it. If the SAR has not been received within four weeks, call 800-4FEDAID (800-433-3243).

Financial Aid- Consumer Information

Flair Beauty College administers Federal Aid programs of student assistance including:

Based on a combination of approvals authorization, and accreditation our students are eligible to apply for and receive tuition aid and financial while attending school. A list of these assistance programs includes:

- Federal Pell Grant: Does not Require repayment (FPELL)
- Federal Direct Stafford Loans-Subsidize: MUST BE REPAYED

- Federal Direct Stafford Loan-unsubsidized MUST BE REPAID
- Federal Direct Plus Loans: MUST BE REPAID

Pell Grant (PELL)

Federal Pell grants are awarded to students who have not earned a bachelor's or professional degree. Because they are grants, funds are not typically repaid (unless you withdraw from school prior to the end of the award period). Eligibility is determined according to need, number of hours in the academic program, and the cost of attendance. Applicants who meet all requirements will receive a Federal Pell Grant. Applicants must qualify financially and be enrolled in an eligible program at an eligible school or college, and must not have already obtain a bachelor degree. Pell grant eligibility is determined by a federal methodology. A need analysis service determines an applicant's eligibility according to that formula the smaller the index number the larger the grant. For the 2017-2018 award years, Federal Pell Grant awards for full-time students range from \$400.00-\$5,920.00.

Those who qualify for a Pell Grant are usually eligible for other financial aid and should apply for it. Those not eligible for a Pell Grant still may be eligible for a student or parent loan. Students do not have to pay back a Pell Grant. The deadline for Federal Pell Grants funds are received by June 30 in the year on which the application is intended for. Student Aid Report or ISIR must be submitted to the financial aid office by August 29 of the award year from which aid is requested, or your last day of enrollment in the award year, whichever comes first. A valid ISIR requires signatures of student, spouse and/or parents, when the ISIR has been corrected. Students receive payment by submitting student Aid Report (SAP) or an Electronic Student Aid Report (ESAR, which the school receives) Personal and Financial information is reported and verified. Monies received from student grant are credited to school's account. Renewal Process: A FPELL Grant award received for one award year (July 1 to June 30 of the following year) is not automatically renewed for the next year. Students must re-apply for the FPELL Grant and submit a copy of new SAR or ISIR to the financial aid officer at the school. Failure to submit the appropriate paperwork could result in the loss of federal funds. Disbursement: FPELL Grants are disbursed on a per payment period basis, via a check payable to the student or via a direct credit to the student's tuition account. Deadlines: Applications need to be submitted at least 30 days prior to the end of the loan period for which the loan has been requested.

Stafford Loans- William D. Ford Federal Direct Loans

The Stafford Loan program provides educational loan(s) that must be repaid, with interest, even if you do not complete your academic program. Loans may be obtained through the William D. Ford Federal Direct Loan Program. Generally, all students who complete a FAFSA and are not in default on any previous federal student loan(s) are eligible for the program. Loans obtained through this program are lower fixed interest rate loans that are insured by guarantee agencies or the U.S. Department of Education. A student can apply for Stafford Loans through the school's Financial Aid Department.

Federal Direct Subsidized Loan

Federal Direct Subsidized Loans are made directly to students from the U.S DOE. Subsidized loans are need based. Students may borrow up to the amount of the students cost of attendance less other expected financial assistance (not to exceed annual loan limits).

The Federal government pays interest subsidies while the student is enrolled or during periods of deferment. The student pays a combined origination/guaranty fee of 3% rebated directly to the U.S DOE. Students may receive both subsidized and unsubsidized loans provided the combine amount borrowed does not exceed applicable loan limits and student's eligibility for a subsidized Federal Stafford Loan is determined prior to determining eligibility for the unsubsidized loan. Borrowers may apply for both subsidized and unsubsidized loans using a single application and such borrowers must be given a single repayment schedule.

Federal Direct Stafford Unsubsidized Loan

These loans expand the ability of the U.S DOE to make "unsubsidized" Federal Stafford Loans to students. These loans carry many of the same terms and conditions associated with subsidized Federal Stafford Loans with the following two exceptions:

- 1 Unsubsidized loans are not need based students may borrow up to the amount of the students cost of attendance less other expected financial assistance (not to exceed annual loan limits).
- 2 The Federal government does not pay interest subsidies to the lender while the deferment. Interest must be paid or capitalized, (i.e. Added to the principal).

Federal Parent PLUS Loans

The Federal Parent PLUS loan is available to parents of dependent students with good credit to help pay their child's educational expenses. PLUS loans are not based on need. They can be combined with other financial aid resources and cannot exceed the student's cost of education. Because PLUS loans are unsubsidized, the borrower will be charged interest during periods of deferment (while the 2017– 2018 - student is in school and through the six month grace period after leaving school) and if you choose not to pay interest as it accrues, it will be capitalized (added to your outstanding principal balance). If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest, less the amount of any refund. If the student has received federal student financial aid funds, the student is entitled to a refund of the monies not paid from federal student financial aid program funds. To qualify for the PLUS loan, future students must file a FAFSA. The PLUS loan master promissory note (MPN) serves as the loan application and includes information for the parent credit check. There is no annual limit, but the PLUS loan amount may not exceed Cost of Attendance (COA) – Estimated Financial Assistance (EFA). The financial aid administrator may replace the future student's expected family contribution (EFC) with the PLUS loan. PLUS loan funds are drawn down and disbursed twice per academic year. See the Definition of Academic Year policy for each program's payment periods. The Definition of Academic Year policy states the specific number of hours and weeks a future professional must complete in order to move to the second payment period in the academic year and receive the second disbursement of PLUS loan funds.

Verification: Federal regulations 34 C.F.R Part 668, subpart E, dated March 14, 1986, April 29, 1994, November 29, 1994 executing legislation 20 U.S.C 1094 governing the Title IV programs require schools to verify certain applicant reported data. These regulations require schools to develop written policies and procedures for verification. The school is required to make these policies available to all applicants for financial aid, as well as prospective students upon request. This procedure is part of the Admissions and Counseling process.

Verification is a procedure colleges use to review reported information from the FAFSA Application. Colleges request the submission of documentation to verify the validity of the information the student and/or parent supplied on the FAFSA. Flair Beauty College policy is to verify all students that the Department of Education selects as well as any student that the financial aid administrator chooses. To follow these regulations and achieve consistency governing this process, the following verifications policies apply to all applicants for Title IV programs. Under the regulations, the school will not disburse FPELL or Campus-Based aid, nor certify Stafford/PLUS loan applicants, until completion of the verification process

- 1 When a student is selected for verification, the financial aid administrator will notify the student and send him/her a verification worksheet. The student/parent must complete and return this verification worksheet before any financial aid disbursements will be made. The law requires the school to complete verification before we make a disbursement of any financial aid to students. The time period: When selected by the U.S. Department of Education for the process of verification, the student must submit all required documentation to the finance office within 10 days from the date the student is notified that the additional documentation is needed for this process.
- 2 If the student does not provide all of the required documentation within the 10 day time frame, the student will be required to make other payment arrangements until the documentation is received and the student's eligibility for federal student aid has been established.
- 3 The finance office reserves the right to make exceptions to the policy stated above on a case by case basis for extenuating circumstances. The finance office will notify the student of any changes to their financial aid award resulting from corrections made due to the verification process. An adjustment will be made to the student's financial aid award as required by federal regulations and an addendum to the existing award letter or a new award letter will be issued.

Exception may be made at the discretion of the Financial Aid Officer. If information does not match that which was reported on FAFSA application, a correction required. The corrections must be sent to the processor by July 30th of the award year and the institution must receive correct SAR within 30 days before the last day of enrollment.

Who must be verified? Those students selected by the need analysis (ISIR) system for verification.

Required Verification items: Please examine the data items listed in 34 C.F.R 668.56. Different data items apply to different applicants depending upon student dependency status and the Title IV programs sought.

Data items include:

- Total number of persons in the household
- The number of persons enrolled at least half-time in post secondary educational institutions.
- Adjusting gross income (AGI) or adjusted gross family income (AGFI) for the base year from the applicants U.S income tax return.
- U.S. income tax paid for the base year.
- Certain untaxed income and benefits for the base year including:
 - Social security benefits
 - Child support
 - Untaxed payments to the IRS or Keogh
 - Foreign income

- Earned income credit
- Interest from tax free bonds

The school shall resolve inconsistent application information for all applicants, in agreement with requirements of 34 C.F.R parts 688.16 (f).

Transfer Student: A student who attended a postsecondary institution prior to enrollment at Flair Beauty College and who is required to provide a financial aid history from each of the institutions attended within the last six months.

Conflicting Information

Flair Beauty College understands that all conflicting information must be resolved before any Title IV funds can be disbursed. Students with conflicting information in their files or paperwork may be selected for verification by the school or its servicer in order to resolve the information in question.

Verification Exclusions:

Factors which exclude applicants from verification include:

- Death- Applicant dies during the award year or before the deadline for completing the verification.
- Incarceration- Applicant is incarcerated at the time the verification is to be performed

FINANCIAL AID OFFICE

The Financial Aid Office is located at the Administrative Office. Questions about financial aid may be directed to **Kris Macias the financial aid administrator at (661) 799-4995 Ex 3** or by email at kris.macias@flairbeautycollege.com

Consequences: If student fails to provide the required documentation within the specified time could result in:

- Loss of financial aid for part or all of the year.
- Future applications for financial aid may not be processed.
- Your financial aid application material may be forward to the U.S Department of Education for review.

Correction information: If students are required to correct information on their application then they will be given a correction application to fill out and return to the school immediately, if during verification it is determined that a student has received funds which they were not eligible to receive; the student must repay this amount. If a repayment is not made the overpayment will be referred to the U.S. Department of Education or our office will process no further application for financial aid.

Summary: the selection of an application for verification review does not mean that we believe the student's information is incorrect. Some applications are selected for review on a random sample basis. Some are selected based upon set common edits, which check data against the Social Security Administration and Veterans Administration to ensure that these benefits are being reported correctly. Finally data is also checked against prior applications, which have been submitted by the applicant. No funds will be disbursed during the verification process. This verification process is required by federal regulation. We are required to adhere to their procedures.

If the financial aid administrator suspects that an applicant for Title IV may have engaged in fraud or other criminal conduct while completing the FAFSA, Verification worksheets, or other financial aid documents, the financial aid administrator will refer the future professional to the Office of the Inspector General of the Department of Education. From this referral, an investigation for any credible information indicating that fraud has occurred will ensue.

Additionally, if there is a possibility that any employee, third-party servicer, or other agent of the school has engaged in fraud, misrepresentation, conversion, breach of fiduciary responsibility, or other illegal conduct while administering or receiving funds for Title IV, HEA programs, institute administration will refer the case to the Office of the Inspector General of the Department of Education.

RETURN OF TITLE IV REFUNDS POLICY

Effective October 7, 2000, U.S. DOE regulations now specify, for students who are Title IV aid recipients, how schools must determine the amount of Federal Student Financial Aid assistance that you earn if you withdraw. Our institution will calculate the amount of Title IV aid that you have earned based on a payment period. Refunds will continue to be calculated by the enrollment period. The student will be obligated for any tuition, fees, books or equipment not covered by Title IV funds.

The new law requires that when a student withdraws during a payment period, the amount of Title

IV aid that a student has earned up to that point is determined by a specific formula. If a student has received less assistance than the amount that a student earned for the payment period, that student will be able to receive those additional funds scheduled for the current payment period. If you have received more assistance than you have earned, the excess funds must be returned.

The amount of assistance that you have earned is determined on a pro-rated basis. That is, if you completed 30 percent of the payment period, you earn 30 percent of the aid you were originally scheduled to receive for the payment period. Once you have completed more than 60 percent of the payment period, you earn all of your assistance.

If you receive excess funds that must be returned, your school must return a portion of the excess equal to the lesser of:

- Your institutional charges multiplied by the unearned percentage of your funds, or
- The entire amount of the excess funds.

If your school is not required to return all of the excess funds, you must return the [remaining amount] even if all of the funds were applied to your school account. If you are responsible for returning grant funds, you do not have to return the full amount. The federal law provided that you are not required to return 50 percent of the grant assistance that you receive which is your responsibility to repay. Any amount that you have to return is a grant overpayment and you must pay the school that amount, in full, within 45 days or you must make arrangements with the U.S. Department of education to return funds.

Upon request, refund examples and return of Title IV funds formula examples for the above refund policies are available from the schools registrar. See below for the distribution order regarding returns of Title IV funds.

Title IV Refund Calculation/Definition

For the purpose of determining a refund under this section, a student shall be deemed to have withdrawn from a program of instruction when any of the following occurs:

- a. The date a student notifies the Financial Aid office that she/he intent to withdraw. Only the Financial Aid office would be authorized to accept a notification of your intent to withdraw.
- b. The date the school terminates the student's enrollment due to academic failure (SAP) stated in catalog.
- c. All funds paid will be returned if the student is rejected for enrolment either because
- d. A student fails to abide by the rules and regulations of the institution stated in catalog.
- e. A student fails to meet financial obligations to the school.
- f. The date a student has failed to attend class for a period (14) consecutive calendar days and fail to inform the school that she/he is not withdrawing after 30 days classes already started. The student will be deemed a withdrawal even though you have indicated that you were not withdrawing.

You may cancel your contract for school, without any penalty or obligation by the fifth business day; business day means a day on which students were scheduled to attend class as described in the notice of cancellation form. No tuition will be charge if student cancels by the first day. \$50 application fee will not be refunded.

The date a student fails to return as scheduled from an approved leave of absence. The withdrawal date shall be the last date of recorded attendance the date of the determination of withdrawal will be the scheduled date of return from LOA. For the purpose of determining the amount of the refund, the date of the student's withdrawal shall be deemed to be the last date of recorded attendance. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of (14) consecutive calendar days.

Return of Title IV Funds

Special note to students receiving Unsubsidized/Subsidized/PLUS/Pell/SEOG grants or other aid, if you withdraw from school prior to the completion of the equivalent to 60 percent of the workload in any given payment period, a calculation using the percentage completed will be applied to the funds received or that could have been receive that will determine the amount of aid the student earned. Unearned funds would be returned to the program in the order stated below by the school and/or the student. Student's liability to loan funds will continue to be paid in accordance to the original promissory note terms. Funds owed by the student to the Grant programs are limited to 50% of the gross award per program received. Sample calculation, completion of 25% of the payment period or enrollment period earns only 25% of the aid disbursed or that could have been disbursed. If applicable, this would be the first calculation to determine the amount of aid that the student would be eligible for from the Title IV financial Aid programs. A second calculation would take place to determine the amount earned by the institution during the period of enrollment.

Refund Due: If any refunds are due based on the Return of Title IV calculation or the institutional refund policy calculation, any refunds will be made as soon as possible but not later than 45 days from determination of withdrawal date.

Sample of Title IV Refund Calculation per Program

Assuming that the tuition has been that the tuition has been paid in full, the following is a sample of the refund amount based on a student withdrawing after completion of the specified percentage without returning the equipment, registration and STRF received.

*Total Student paid - Registration Fees - unsealed Student Kit = Course Tuition Cost

*Number of attempted Scheduled Hours = Percentage % of course clock hours attendance.

Calculation: Percentage of course attended (up to 60%) X (multiply by) Total Tuition Cost of Program per Enrollment Agreement = Tuition Charges to be Assessed to Student – deducted from Course Tuition Cost = Student Refund. (All Refund and over contract charges are based on student's scheduled hours).

The school earns 100% of program cost indicated on enrollment agreement if the percentage of scheduled time completed exceeds 60%. Any Refund is due no later than 45 days from determination of withdrawal date.

Number of attempted Scheduled Hours= Percentage %of course clock hours Attendance=Student Refund

Course	0% Tuition	10% of course completed	25% of course completed	50% of course completed	Over 60% of course completed
Cosmetology	\$12,000.00	\$10,800.00	\$9,000.00	\$6,000.00	No Refund
Esthetician	\$6,900.00	\$6,210	\$5,175.00	\$3,450.00	No Refund

Hierarchy of Refunds:

If the student has received financial aid funding the refund amount due will be made in the following order:

- 1- Unsubsidized Stafford Loans.
- 2- Subsidized Stafford Loans.
- 3- Plus Loans
- 4- Pell Grants
- 5- SEOG
- 6- Other Title IV Assistance
- 7- Other Federal, State, Private or Institutional Financial Aid Assistance

When an institution is in default, student institutional charges may be refunded on a pro rata basis if the bureau determines that the school has made provision for students enrolled at the time of default to complete a comparable educational program at another institution at no additional charge to the students beyond the amount of the total charges in the original **ENROLLMENT AGREEMENT**. If the institution does not make that provision, a total refund of all institutional charges shall be made to students.” §94927*

Academic Information

EXTERNSHIP

Flair Beauty College does not currently have an Externship/Apprenticeship program. Flair Beauty College is engaged in partnership programs with some beauty manufacturing product companies who do provide advanced classes for our students outside of the school at manufacture's classroom facilities.

Freshman & Credit Evaluation

College officials will grant appropriate credit for prior training or experience upon review and verification of its validity under the Cosmetology Act and the California State Barbering and Cosmetology Board Rules and Regulations. Occasionally, a student acceptance by the college will depend entirely on the credit evaluation conducted by the California State Barbering and Cosmetology Board. Before enrolling in Flair Beauty College, it is the student's responsibility to obtain the state's evaluation. **FRESHMAN CLASS:** The freshman curriculum for each of the courses requires a specific number of hours of classroom lectures, demonstrations and student practice. The freshman class teaches and introduces the basics of those areas that the student will need to know to pass the Barbering and Cosmetology Board Examination. From this initial introduction, the student will learn all the fundamental basics for his/her future career. The hours spent in the freshman classes are: 200 for the Cosmetology Course, 80 for the Manicuring Course and 150 for the Esthetician Course. Flair Beauty College considers the freshman classes to be to the foundation for the student's learning process. Flair Beauty College does not provide any refreshment courses. **Freshman students must have 100% attendance during freshman class.**

Ethics of Clinic/Customer Service

Students enrolling at Flair Beauty College will be performing in an environment that mirrors professional salons and spas. It is the student salon that truly presents the opportunities and challenges that exist in the "real world". The student's success will be dependent not only on their technical skill level; but predominantly on the customer service/business skill and ethics & Communication that the student has developed. This means that students are expected to bring guests into the student salon on which to perform services, product knowledge/sales and to create the customer experience that ensures a loyal client following. This is defined as being in **APPLIED EFFORT**. Students are evaluated to the same criteria as a professional in the "real world" professional image, attendance/punctuality, attitude, the ability to attract and retain customers; increase service productivity (added chemical services); and home care sales (retails products). Flair Beauty College provides the opportunity to not only learn these skill sets, but how to "self-promote" to success. "Applied Effort" is designed to prepare the student for their first job in the beauty industry. With each level, students will be working on models, clients or practical assignments on mannequin heads. As vocational training school, Flair Beauty College obligation is to ensure that the student is provided the opportunity for Hands-on experience in their educational process. Flair Beauty College Policies Support the Salon/Spa Atmosphere and an active class environment.

ACADEMIC UNITS OF CREDIT

The following is a guideline for the school and instructor to issue credits to the students:

A Student's class schedule per day must complete with one hour of theory & the remaining hours should be practiced on minimum requirements of clinical and practical operations per student's schedule (For An Extra Full time schedule 5 operations – for A Full time schedule 4 operations -for A Part time Schedule 3 operations). No credit for theory hours will be issued to students on Saturdays. Students who do not practice the minimum school's Theory Hrs./Practical operations credits requirements will be clocked out for the day.

All academics for missing (audited) theory hours, practical operations, and tests might be allowed to be retaken by a student, If a student is missing a day: the student is allowed to stay extra hours on their other attending days, in the same week, to make up missing hours. All students' operation must be performed based on state board of cosmetology requirements; otherwise the credits or practical test grades will not be issued to students.

It is students' responsibility to record each theory hour /practical operation after completing & having instructor's initial on their time card in the proper category after each operations. If an operation is not completed, the instructor may not issue a credit in a comparative category ("Completion Grading 20 to 100" is for completing an operation which it'll be recorded on the back of the time cards and they are not student's practical test grade, it is a completion rate for a practical operation).

Practical operation test grade is student's state board cosmetology practical demonstration which will be analyzing & grading by instructor & a written test base on state board of cosmetology practical operation procedures.

Theory Credit hours are entered into the Smart Mobile Grading system by Instructors only on a daily basis. Practical Credits are entered into the Smart Mobile Grading system by Instructors upon completion of the practical service on their doll head. "Ethics of Clinic Customer Service Grade" will be entered by Instructors into Smart Mobile Grading Tablet and on student time card. It is student's responsibility after performing a beauty service on clients to get their grade for the service from an available instructor. Student's "ethics of clinic customer service" Grade will be issued on student's worksheet and on the student's time card. It is mandatory for all students to get every client checked before and after each service. All student Practical scores and Theory hours are entered on a daily basis.

"Ethics of Clinic customer service" Grade of student's own worksheet is based on: checking marking client release form, implement sanitization, customer consultation, customer comments, lab technician observation stamp and instructor's approval. All credits and grades of "Ethics of Clinic customer service" are going to be recorded into Student's time card on daily bases.

A portion of the time card reflecting hours are in the Theory hours earned and any classes the instructor has demonstrated. The other portion of the timecard concerning operations is to be applied efforts to the students as they manually perform practical subject. Some practical operations may take longer to perform according to the student. Note the following time frame the Board of Bartering & Cosmetology gives for each operation:

- Shampoo/set= 1 ½ hours,

- Scalp Treatment= ½ to 1 hour,
- Permanent Wave= 2 to 2 ½ hours,
- Facial= 1 ½ to 2 hours,
- Manicure= ½ hour to ¾ hour,
- Haircut= ½ to 1 hour.

Students receive credits for operations completed after each operation or project verified by an instructor. The daily hours and operations earned are recorded in a weekly record card. No student should receive any double credit for one operation by going to different instructors and/or passing an operation on a dual head to other student for receiving a credit, and getting theory hours credit without physically being present in the classroom, student who does not obey the rules will be suspended for one week.

The student and the instructor must initial daily the record card. At the end of the week, a new record card will be issue to student to transfer amount of hours and credits to new time card for the week is coming. All record card info will be entered into the school's PC, SMART School management system.

Record cards (Time cards) must remain at school's file cabinet at all times (Even at student's break time) if any student loses their time card; no other time card/credits are replaceable (Time card copies are not acceptable).

- f. Flair Beauty College shall maintain a second set of all academic and financial records required by the Act and the Regulations at a different location unless the original records, including records stored pursuant to subdivision d. are maintained in a manner reasonably secure from damage or loss. Flair Beauty College may dispose of records after they have passed the time limits imposed by the Act and the Regulations. Before disposing of any record, the Registrar must check with the policy to determine if the record qualifies for disposal.

Student records are confidential and are kept by the Registrar Department for five years in accordance with Bureau for Private Postsecondary Education §94900, 94900.5, and 94900.7. No one, except appropriate school faculty and staff or an authorized representative or the Accrediting Commission or the Bureau for Private Postsecondary Education, or an authorized representative of a sponsoring agency (i.e. ROP, WIA, VA) may review any educational records without the approval of the student. The only exception to this is a parent or legal guardian of a minor student.

Without the student's written consent and upon authorization of the Director or his/her designee, Flair Beauty College may release copies of, or otherwise divulge, material in student education records to the following agencies and individuals who are expressly forbidden from permitting access of said education records to third parties:

STUDENT TUITION RECOVERY FUND

"You must pay the state-imposed assessment for the Student Tuition Recovery Fund (STRF) if all of the following applies to you:

- 1. You are a student in an educational program, who is a California resident, or are enrolled in a residency program, and prepay all or part of your tuition either by cash, guaranteed student loans, or personal loans, and
- 2. Your total charges are not paid by any third-party payer such as an employer, government program or other payer unless you have a separate agreement to repay the third party.

Academic Standards

LANGUAGE OF INSTRUCTION

The school does not offer English-as-a-second language instruction. This institution does not provide any one-on-one tutoring/special training, special accommodations/interpreter for students.

GRADUATION REQUIREMENTS AND DIPLOMA

Graduation Requirements: When a student has completed the required clock hours, theory hours and practical operations and maintaining individually practical, theory grades and cumulative theory & practical academic average GPA grade of "C" (70%), attendance rate 67%, , have taken Mock Board Test Exam, Practical Textbook, Theory Textbook, Student's Resume, No missing any

test, Flash Card and has paid tuition costs/over contract tuition in full at 75% of course completion (Based on schedule hours) requirements. She/he receives a Diploma certifying his/her graduation of the appropriate course of study.

TESTING: The school assists the students in completing the necessary documents to file for the appropriate California State Board of Barbering and Cosmetology Examination. Student's test results from the California State Barbering and Cosmetology Board license examination are recorded as passed or failed. Students that failed the exam are encouraged to return to Flair Beauty College for assistance and guidance for subsequent attempts to pass the exam (for limited hours).

SATISFACTORY ACADEMIC PROGRESS POLICY

- a. The satisfactory progress policy, as provided to applicants prior to enrollment, applies to all students enrolled in a NACCAS- approved program whether receiving Federal Title IV funds, partial funding assistance, or self-pays and consistently applied to all students enrolled in a specific program and scheduled for a particular category of attendance (i.e., part-time/full time).
- b. Satisfactory Academic Progress in attendance and academic work is a requirement. Students must maintain Satisfactory Progress to continue eligibility for funding. To determine Satisfactory Academic Progress, all students are evaluated in academics and attendance at scheduled hours includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative

basis at the designed evaluation periods throughout the course or program of study. SAP evaluation periods are based on **scheduled** hour intervals.

- c. **STANDARDS:** This institution expects its students in each course to maintain Satisfactory Academic Progress (SAP). To maintain SAP as established by this institution, the student must:
 - I. **Maintain Grades:** Maintaining cumulative theory & practical academic average GPA grade of "C" (70%) or better on all tests, operation and other required course work.

OFFICIAL LETTER GRADING SCALE

***Grading System:** Students are evaluated on a regular basis on theory work after each chapter. Practical work is formally assessed using specific grading criteria which is converted into a percentage to derive a grade. Clinic work is only evaluated for completion and not formally graded as part of the GPA; rather, this work is noted on student's worksheets towards the practical projects completed. The SAP evaluation form reflects the overall attendance and academic progress of the student. Students must maintain a cumulative theory, practical academic average GPA grade of "C" (70%) & to maintain satisfactory academic status.

90%-100%	A Excellent	80%-89%	B Above average
70%-79%	C Average	69%-or below	D Unsatisfactory

2. Maximum time frame and Attendance Rate: The time frame in which a student must complete the educational program that may not be more than 150% of the NACCAS approved length of the education course or program based on 100% attendance scheduled measured in clock hours completed. The maximum time frame is *1.5 times the published length of the course (*a 67% attendance rate must be maintained in order to be in Satisfactory Academic Progress (SAP)). The 67% attendance average is programmed into our

SMART School Management software system to check each evaluation period. This ensures that students have ample opportunity to improve if they fall below the standards.

Example: A student enrolled in a 1600-hours program scheduled to complete 30 hours per week would have to attend a minimum of 20.1 hours a week to maintain satisfactory progress.

Students who have not completed the course within the maximum timeframe may continue as a student at the institution on a cash pay basis.

3. Authorized leaves of absences (LOA) will extend the contract period and maximum time frame by the same number of days taken in the leave of absence. Students re-enter at the same status as when they left.

4. Regardless of the average level of attendance, students who have missed more than 14 consecutive calendar days of their attendance will be dismissed. This standard shall apply to all students except to those on an approved Leave of Absence. Failure to attend classes for 14 calendar days will result in termination.

d. Evaluation Periods: Students compliance with the Satisfactory Academic Progress Policy is divided into the following evaluation periods **are based scheduled hours** periods:

Cosmetology	400, 800, 1200, 1600 scheduled hours
Esthetician	150, 300, 450, 600 scheduled hours
Cosmetology Instructor	150, 300, 450, 600 scheduled hours
Manicuring	100, 200, 300, 400 scheduled hours

Students first evaluation occur no later than the mid-point of: the academic year or the course and/ or program, whichever occurs sooner.

Note: All evaluations will be completed within seven (7) business days following the established evaluation points. Students will be provided with access to the satisfactory academic progress evaluation results at this time by having a meeting with school administration or instructional staff.

TRANSFER STUDENTS:

Students who have Transfer hours from another institution that are accepted toward the student's educational program are counted as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. SAP evaluation periods are based on actual contracted hours at the institution. Evaluations will be at the midpoint of the contracted hours or the established evaluation periods, whichever comes first.

e. Warning

Students who meet the minimum requirements will be considered to be making satisfactory progress until the next scheduled evaluation. Students failing to meet minimum grade average and attendance will be placed on warning for not making satisfactory academic progress. Students will be advised of the actions needed to attain Satisfactory Academic Progress by the

end of the evaluation period by increasing attendance and/or academics, as applicable to the minimum cumulative standards. Students will also be advised of the potential impact to financial aid eligibility, if applicable. The student who does not achieve the minimum standards is no longer eligible for Title IV, HEA program funds, if applicable, unless the student is on warning or has prevailed upon appeal of the determination that has resulted in the status of probation (see below).

f. Probation

The school will allow for the status of probation for students who are not considered meeting minimum standards for satisfactory academic progress if: **a.** If a student fails to meet the required cumulative attendance or grade average **again** after the warning period; **b)** prevails upon appeal of a negative progress determination prior to being placed on approved probation, he or she will be placed on **ACADEMIC-ATTENDANCE PROBATION** following the warning period. Students will be notified in writing when they are placed on **ACADEMIC-ATTENDANCE PROBATION** and the steps necessary to be removed from probationary status will be given; **c.** The institution determines that satisfactory academic progress standards can be met by the end of the subsequent evaluation period; or **d.** The institution develops an academic plan or the student that, if followed, will ensure that the student is able to meet the institution's satisfactory academic progress requirements by a specific point within the maximum time frame established for the individual student.

Students will also receive attendance or academic counseling, from the Executive Director or designee, as appropriate, when they are placed on approved probation. A student may be placed on Probation Status for one evaluation period.

Financial Aid will not be disbursed if student is not maintaining Satisfactory Progress at the conclusion of the probation period. The student must make adequate arrangements to pay the remaining balance of tuition as a result of losing their financial aid eligibility. Students can re-establish Satisfactory Academic Progress during the probation period by meeting the cumulative minimum 70% grade point average and/or 67% cumulative attendance average.

g. Appeal Process

A student is allowed to appeal a satisfactory academic progress determination. Students who wish to appeal the determination that they are not maintaining satisfactory progress (SAP) must submit a letter to the school administration within 5 days describing what has changed in the student's situation that will allow the achievement of satisfactory academic progress at the next evaluation. Such mitigating circumstances might include a description of what has changed in their circumstances to warrant the appeal (i.e., death of a relative, an injury or illness (Doctor notes required) of the student, or other allowable special circumstance. A written documentation of the appeal will be maintained in the student's file and the result on the appeal will be maintained with the appeal.

h. Re-Establishment of Satisfactory Academic Progress

Students may re-establish satisfactory academic progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

i. Temporary Interruptions or Leaves of Absence

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to school in the same progress status as prior to the leave of absence. Hours elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

j. Course Incompletes, Repetitions and Non-Credit Remedial Courses

There are no policies regarding course incompletes, , repetitions, and non-credit remedial course and therefore they have no effect upon the institution's satisfactory academic progress standards

Leave of Absence

1. In some emergencies a student may need to leave school temporarily with the intention of resuming the program at a later date. An authorized leave of absence (LOA) is a temporary interruption in a student's program of study. LOA refers to the specific time period during a program when a student is not in attendance. An LOA is not required if a student is not in attendance only for an institutionally scheduled break. However, a scheduled break may occur during an LOA.
2. An LOA must meet certain conditions to be counted as a temporary interruption in a student's education instead of being counted as a withdrawal requiring an institution to perform a refund calculation. In order for an LOA to qualify as an approved LOA:
 - a) All requests for leaves of absence be submitted in advance in writing, include the reason for the student's request, and include the student's signature. **ALL LOA's are subject to approval from the office.**
 - b) A student must apply in advance for an LOA unless unforeseen circumstances prevent the student from doing so. For example, if a student were injured in a car accident and needed a few weeks to recover before returning to institution, the student would not have been able to request the LOA in advance. The school may grant an LOA to a student who did not provide the request prior to the LOA due to unforeseen circumstances. The reason for the decision will be documented and the request for the LOA will be collected from the student at a later date. In this example, the beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident;
 - c) The student must follow the institution's policy in requesting the LOA;
 - d) There must be a reasonable expectation that the student will return from the LOA;
 - e) Following review by school official, the request will be approved or denied, the decision will be noted on the written request, in accordance with the institution's policy;
 - f) No additional institutional charges as a result of the LOA;
 - g) **The LOA together with any additional leaves of absence must not exceed a**

- total of 180 days in any 12-month period;**
- h) A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time;
 - i) The student's maximum time frame and the contract period will be extended by the same number of days taken in the LOA and noted on the LOA form;
 - j) In the event the student does not return by the documented date of return from the LOA, the withdrawal date for the purpose of calculating a refund is always student's last day of attendance.
 - k) Upon returning to the school, the student will be placed with the class that has comparable hours and will return at the same progress status at which he or she left.

Academic Missed Work Policy:

To make-up academic missed work, all theory & practical academics and missed work must be completed by graduation date, for "NO SHOW-UP" by Calling-in/Emailing on the same day prior to the beginning of class. Students are required to make-up all work assignments, lessons, and exams missed due to absenteeism. However, the make-up work by the student will not be credited unless physically performed in the classroom with an instructor's presence & the Director's approval. You must make arrangements with instructor for make-up work.

Absent for 3 days; If any student is absent five consecutive days (three school days or more) without notification the administrator will contact the student.

If the student is absent 14 consecutive calendar days without communicating with the School Director/designee, he/she will be terminated. Students who persist in repeating patterns of absenteeism will be advised and will be subject to appropriate disciplinary action. Students who have excessive absences may be terminated; re-enrollment is at the discretion of the school. Any student who does not complete a course within the contract enrollment period and or required course clock hours will be charged at completion for over contract fees as explained below.

ATTENDANCE

Attendance, Tardy and Make-Up Policies:

Students must attend a minimum of 67% of the cumulative scheduled hours to maintain Satisfactory Progress and complete the course within the maximum allowed time frame. The maximum time frame is equal to 1.5 times the published length of the course (this attendance rate has nothing to do with student's enrollment agreement period (graduation date) just allowing the student to complete the course of study).

All students' completion of academic work (theory hours & Practical operation), program required clock hours, contract calculation period and attendance rate are based on Scheduled Hours (the number of hours a student is projected to complete by a specific time frame) **Versus Actual Hours** (the number of hours a student reaches in a specified time frame).

For example the difference between scheduled hours and actual hours is:

*If an X-Full time student is Scheduled 40 hours a week, then the student should have 120 scheduled hours after 3 weeks. But then if the X-Full time student clocks in 30 hours per week instead of 40 hours, then the student will have 90 actual hours

EXTRA CHARGES OF INSTRUCTION HOURS COMPLETION DATE/COURSE REQUIRED HOUR/NOT COMPLETING REQUIRED ACADEMIC WORK/NOT MAINTAINING ATTENDANCE RATE, CHARGES WILL BE BASED ON HOURS

REMAINING TO COMPLETE THE PROGRAM: Students should not miss school if they can possibly avoid doing so. Missed days mean students will miss important subject matter and experience. The student will have to make up minimum training requirements for Practical & Theory Hours (must be credited by instructor when students are physically present in class) stated in the mandates for licensing, and it will cost the student additional tuition if the course is not completed by the calculation completion date and/or required course clock hours. Missed daily criteria can be made up through demos and/or freshman classes after student completes 75% of program require clock hours. If a student has missed an entire unit of study and it results in you exceeding your contract end date, then the student will be charged for going over their contract period. If a student is exceeding graduation date and/or course required clock hours/contract period end date and or she/he has not completed the minimum requirement of Theory hours/Practical procedures, then the student will be charged an extra tuition amount. The amount will be based on the fraction of course tuition per the required course clock hours multiplied by extra training hours.

NOTE: Student will be charged for Actual hours that surpass the required course completion hours AND for any Scheduled hours that surpass their contract graduation date.

Student's Course Hourly Rate, Extra Charges of Instruction Hours & Charges

If a student has remaining hours/theory hours/practical operation to complete, the same hourly rate qualifies for any additional time required for completion (If a student pass the graduation date and or required course clock hours then an extra charge will be applied to student's tuition) The amount charged for each hour will be the same hourly rate stated on their contract; even if the hourly rate has increased during the time they have been in school. Current hourly rates are as follows: Cosmetology \$11.00 per hour; Cosmetology Instructor \$5.00 per hour; Esthetician \$14.00 per hour; Manicuring \$12.50 per hour.

Over-Contract charges are due and payable in full once the student enters their over contract period. Exceptions will be made per approval of absence or changes of status by the Director. Remaining unpaid Tuition/Over contract charge Balances with Flair Beauty College Should be paid off prior to applying for State Board Exam & at 75% of Course Required Hours prior to student's graduation. If any agency is responsible for student's tuition; all balance of tuition should be paid off by the agency or the student, otherwise the school will not release any proof of training to the State Board of Cosmetology.

No paperwork or proof of training will be released to any student until all charges are paid in full. Exceptions will be made per approval of absence or changes of status by the Director.

For Example: If a student's cosmetology tuition is \$17,600.00 divided by 1600 course clock hours = \$11.00 per hour. Student has 80 Actual hours over the required (1600) course hours, but the attempted Scheduled hours was 200 over the required (1600) course hours then the student's tuition overage charge would be calculated as follows: 200 hours X \$ 11.00 per hour = \$ 2,200.00 Total

Student's Tuition Over Contract Charge Amount. (**Over Contract charges are based on student scheduled hours only**).

Class and Practice Hours

Clock IN time is rounded to the nearest $\frac{1}{4}$ hour. Students must record their attendance by entering their names and time to Clock IN at the start of the day, Clock Out for a lunch/break period and Clock IN when returning to class and Clock Out at the end of the class day. Students will be allowed up to seven (7) minutes to sign-in before it qualifies as a tardy.

If the student Clocks IN tardy, they will not receive credit for the hour of theory. Record Cards and or Time Cards must remain in the school at all times.

TARDY POLICY

Classes begin at 8:30 am; if the student arrives any time after 8:40 a.m., then he or she is NOT permitted to clock in, but they may sit at clinic to study. He or she will have to wait until after theory hours conclude, in this case they clock in at 10.00 am. The director will review excessive tardiness or absences with the student to determine possible corrective action

Lunch break or 15 minutes break

Extra Full (over 7 hours per day) time student $\frac{1}{2}$ hour lunch break (1/2 hour break records in SMART School Management System) with two 15 minutes (fifteen minutes breaks records on student's timecard) students cannot combine fifteen minute breaks. Full time (less ten 7 hours per day) students get two 15 minute breaks and part time students less than 5 hours per day gets one 15 minute break. Students who have legitimate requests will be allowed to leave the building during the school hours.

Flair Beauty College is not responsible for any accidents or injuries incurred outside of school while the students are on break, (this includes lunch breaks and fifteen minute breaks).

- A. When students are signed out early on an ongoing basis, their academic performance will be negatively impacted. The institution system strongly encourages students to refrain from early sign outs, whether or not they are a full time or part time student. The institution cannot replace any hours due to early sign outs on the student's time card (Students must bring a doctor visit note or other). Students who do not clock in or out will lose their hours at school.
- B. All institutions will establish procedures for early release that insure that all students are treated fairly and consistently. Students shall not be released within the final 30 minutes of the school day unless the director or instructors determines that it is an emergency or the student has a medical/dental appointment that cannot be reasonably scheduled at another time; or if good (Students must bring a doctor visit note or other) cause exists based on the director or instructor's opinion.
- C. Excessive early sign outs will be addressed on a case-by-case basis to determine if there is a pattern of nonattendance. Excessive early sign outs negatively impact the academic performance of the student (Students won't be given any theory hours credit).

Student Information/Services

STUDENT ADVISEMENT

Advisors specialize in matters pertaining to your educational program: School policies, placement/assessment test interpretation, requirements, transferability, schedule planning, and graduation checks. Faculty performs ongoing advising. Every effort is made to match students with faculty from areas of particular interest to the individual advisee.

Advisors are professionally trained to address personal issues, resolve academic anxieties; assist students in choosing career fields and majors, and problem solve other academic difficulties. With students on restricted academic or financial aid status, advisor work to develop individual success plans, which address the specific issues inhibiting academic success.

Although advisors often advise students, advisors are not trained to counsel. Please be sure to make clear what kind of assistance you need when requesting an appointment. If you're not sure, someone will be happy to help you decide.

School maintains an advisory service to help students achieve their fullest personal development and make the best use of the instruction offered; the school offers guidance and advice beginning with student's first admissions interview. Once enrolled a student may expect to receive continuing guidance as needed from both the faculty and administrative staff. It is recommended that any student who needs personal or educational advice, make an appointment with the office. The faculty and staff are available to advise students on any problem which could have an adverse effect on their ability to successfully complete the course. Problems which are beyond the scope of the staff will be handled on a referral basis by various agencies specializing in specific areas.

ABILITY-TO-BENEFIT STUDENT COUNSELING

Career Advising/Earning Potential

The school advises the students individually as often as necessary. Advising takes place by way of monitoring the student progress as scheduled for the period of enrollment. Salon owners and stylists are invited to the school on a regular basis to give demonstrations and discuss career goals with the students (based on schools evaluating salon's owners.) These activities supplement the daily advising carried out by the instructors and administration. As with any career, the amount of earnings one obtain in the beauty & health industry is directly related to the amount of effort one applies their career. Minimum efforts can result in minimum wages rates, while maximum effort can lead to much higher levels of compensation. For this reason, Flair Beauty College, its staff and associates do not provide specific dollar earnings information. One's ability to earn income in the beauty industry is very dependent upon one's ability to communicate, present oneself professionally, develop great people skill and maintain a positive attitude. Flair Beauty College curriculum is designed to teach students these skills, but the effort students put forth is up to them. In addition to the above stated factors, earnings levels can depend on location, tipping habits, competition, self-employment, the company one chooses to work for or position held.

Students are not allowed to do any type of advertising by way of making Flyers, Business card under their name or do any beauty or other services on school's clients or others outside of school or acting or working as a professional licensed Cosmetologist while attending at school and using school name for their work place (Breaking Business Profession code), students might lose their eligibility of receiving State Board of Cosmetology license.

Job Demand in Cosmetology/Related Fields

Since 1990, NACCAS has commissioned several Job Demand Surveys, to provide quantitative data on cosmetology careers, earnings potential, and job openings. The most recent survey, completed in May 2007, compiles data from 6,203 salons responding to a national survey. The survey indicates that the demand for well trained professionals in the beauty industry outstrips the supply. The NACCAS Survey results indicate that salons in California plan to hire 45,967 new employees in the next twelve months. The average annual salary for a salon professional in California is \$44,134. This amount does not include tips and gratuities. Nationally, the average salon professional's salary is \$35,973. As of January 2007, there were 325,021 professionals employed at California's 48,131 salons. 40% of salons in the state are employer-owned, and 29% are booth-rental salons. The other 31% are a combination of the two. 49% of California salons are classified by their owners as full-service salons; 20% are listed as haircutting salons. Barbershops make up 13% of the total. Nationally, 58% of salons are listed as full-service, meaning that Washington has a higher percentage of specialized establishments. The U.S. Department of Labor provides current (2009) job information at <http://www.careerinfonet.org>. This website includes information by job position to include state & national wages, occupation profiles/descriptions, state & national trends, knowledge, skills, and abilities needed for each position. Graduates may contact the school to receive a listing of available employment opportunities. Students are referred to interviews and results of these interviews are recorded in the placement register.

Job Search Training: Throughout students training, job search training is incorporated in classes, and personnel are available if students have questions or need any assistance while student are in school. Although the school works closely with its graduates through its extensive placement assistance program, the school cannot guarantee employment.

PHYSICAL AND HEALTH REQUIREMENTS

Contrary to what some people believe, the job of in the beauty industry is physically demanding. It may not require heavy lifting or rigorous activity, but it does require that the individual be able to stand on his or her feet for long periods and often to assume and hold uncomfortable positions for a protracted period of time. And there is a lot of repetitive motion in cosmetology. While you may not need to be able to compete in a triathlon, you still need to be aware of the physical demands of the job.

These physical demands also include working with some fairly strong chemical compounds; some of which don't have a pleasant fragrance. Even the required practices that don't involve harsh chemicals can become problematic. I had a classmate in cosmetology school that developed contact dermatitis from having to constantly wash her hands so often (and from shampooing clients repeatedly). Another cosmetologist with whom I worked developed a latex allergy from frequent exposure to the rubber gloves we have to wear during chemical services. Please also be aware of the many chemicals you will be in contact with on a day-to-day basis. Wearing protective gloves and appropriate clothing is necessary.

Knowledge of and proper handling of hazardous materials is a must. Please be aware of any allergies you may have with chemicals and or latex before entering into the fields of cosmetology and instruction.

- Stand for long periods of time.
- Repeat the same motions.
- Use hands to handle, control, or feel objects or tools.
- Bend or twist the body when working on client's hair or applying makeup.

It is important for hairstylists and cosmetologists to be able to

- Hold the arm and hand in one position or hold the hand steady while moving the arm.
- Use hands or fingers to grasp, move, or assemble objects.
- See details of objects that are less than a few feet away.
- Understand the speech of another person.
- Speak clearly so listeners can understand.
- Use stomach and lower back muscles to support the body for long periods without getting tired.
- See differences between colors, shades, and brightness.
- Move two or more limbs together (for example, two arms, two legs, or one leg and one arm) while remaining in place.

It is not as important, but still necessary, for hairstylists and cosmetologists to be able to:

- Bend, stretch, twist, or reach out.
- Make quick, precise adjustments to machine controls.
- Focus on one source of sound and ignore others.
- See details of objects that are more than a few feet away.
- Be physically active for long periods without getting tired or out of breath.
- Use muscles for extended periods without getting tired.
- Determine the distance between objects.
- Make fast, repeated movements of fingers, hands, and wrists.

Pregnancy (Or Other Health Issue)

Prospective students should be aware of the physical demands of a Cosmetologist, Manicurist and Esthetician occupations generally require continued standing and constant use of the upper torso, shoulders, arms, wrist and hands, upper back and neck. Manicurist occupations generally require constant sitting which can lead to backaches, and wrist/arm/hand problems. Certain individual may have allergies and sensitivity to chemical products used in the profession. A student must be physically capable of performing all required activities conducted at the school. Standing for prolonged period of time is a necessity for beauty and health education at the Flair Beauty College.

The institution provides equal opportunity for all students, and will not apply any rule concerning a student's actual or potential parental, family, or marital status which treats students differently on the basis of gender.

- All Students must generally be in good health to be accepted in the program.
 - Some Students might be tested for TB Prior to enrollment if they were not vaccinated and show proof of it.
- a. The institution will not discriminate against any student, or exclude any student from its education program or activity, on the basis of such student's health issue, pregnancy, childbirth, false pregnancy, termination of pregnancy, or recovery, unless the student requests voluntarily to participate in a separate portion of the program or activity.

- b. The institution may require such student to obtain the certification of a physician that the student is physically and emotionally able to continue participation in the normal education program or activity so long as such a certification is required of all students for other physical or emotional conditions requiring the attention of a physician.
- c. The institution will ensure that any separate and voluntary instructional program is comparable to that offered to non-pregnant students.
- d. It is the responsibility of any student who is pregnant (or other health issue) to comply with this policy and notify the school director before enrollment and/or during attendance at the school, in order to insure, the health and safety of that student for the nature of this business.
- e. Generally, the professional in the beauty field must be in good physical health since he/she will be working in direct contact with patrons. In most aspects of the beauty field, there is a great deal of standing, walking, pushing, bending and stretching for extended periods of time. A person must consider his/her physical limitations in terms of making a career choice that involves extensive physical demands. We promote the acceptance of students with physical limitations or disabilities if these students (their parent* or physician) believe they can fulfill these training demands (Doctor Note requires for any health issues).

Vaccination Policy

While Flair Beauty College encourages its students to lead happy healthy lifestyles and stay disease free, it does not have any specific vaccination policy. Vaccinations are not a requirement to be licensed in the State of California.

Health and Safety / OSHA

Within the fields of Cosmetology, Esthetician and Manicuring there is exposure to certain product ingredients, sharp implements and equipment that if used improperly, because of caustic reaction sharpness or extreme temperature, may be considered a safety or health hazard. In compliance with United States Department of Labor Occupational Safety and Health Administration requirements, the school advises its students of the chemicals used in cosmetology/related training. During the course work the student learns about the importance of safety in the work place and how to use and follow the Material Safety Data Sheets (MSDS) for chemicals used in cosmetology or related training. During each unit of study, students are apprised of the various chemicals used and safe practices that apply. A complete file containing Material Safety Data Sheets for the chemicals used is available in the administrative office. The school endeavors to facilitate a safe environment for staff and students by teaching the proper and safe use of equipment, tools, and products. The school does not assume responsibility for injuries resulting from improper or unsafe use of equipment, tools, or products.
